FREQUENTLY ASKED QUESTIONS

WHAT IS THE DIFFERENCE BETWEEN THE WE GIVE RESTAURANTS CASH RESTAURANT DINING PLATFORM AND THE BOGOMAZING RESTAURANT DINING APP?

Both are part of the same marketing platform in where We Give Restaurants Cash is the marketing arm aimed at restaurants and BOGomazing at the consumer. Both platforms function as one and were created by Corey Huetter who is the CEO and founder.

HOW IS THE WE GIVE RESTAURANTS CASH RESTAURANT DINING PLATFORM ABLE TO GIVE MY RESTAURANT CASH EVERY MONTH?

WE GIVE RESTAURANTS CASH is driven by BOGomazing, Americas' first restaurant dining app that PAYS Monthly COMMISSIONS versus charging restaurants 30% to 50% commissions. Fifty Percent (\$15.00 out of \$29.95) of BOGomazing Restaurant Monthly Member Revenue is given back to our Restaurant Sponsors in the form of a Monthly Cash Commission.

HOW MUCH MONTHLY BOGOMAZING COMMISSIONS CAN MY RESTAURANT EARN?

There are NO CAPS on how much BOGomazing Monthly Commission you can earn. With only 500 Active BOGomazing Referrals pays your restaurant \$7,500/Month or \$90,000/Year. 1,000 Active BOGomazing Referrals pays your restaurant a very restaurant life changing \$15,000/Month or \$180,000/Year.

WHY IS THERE A LIMITED TO THE NUMBER OF RESTAURANTS ALLOWED TO PARTICIPATE IN BOGOMAZING?

To give our LIMITED Restaurant Sponsors a HUGE COMPETITIVE ADVANTAGE is the reason – only the top restaurants we select are allowed to be part of the We Give Restaurants Cash Restaurant Dining Platform to assure the best quality service and experience for our BOGomazing Members and to assure our restaurants enjoys a HUGE COMPETITIVE ADVANTAGE not offered by any other restaurant app or marketing option available today.

IS BOGOMAZING ACTUALLY A BOGO APP?

BOGomazing is NOT a BOGO App but actually buy 4 menu items and get the 5th free. BOGomazing requires a member to purchase 2 drinks, 1 select appetizer and 1 select entrée (typically a dozen or so of your more expensive and high margin menu selections) to then qualify for the 5th item of equal or lesser value for FREE. FREE Items would not include any appetizers, desserts or drinks but typically the most rest of your menu. You do control the 3 menus that affect a BOGomazing Redemption which are the Appetizer Selections, Entrée Selections and FREE Item Selections.

WHY IS THE REDEMPTION COST SO LOW FOR BOGOMAZING COMPARED TO OTHER APPS AND MARKETING OPTIONS?

BOGomazing has the lowest redemption cost compared to ALL other restaurant dining and delivery apps and even lower redemption costs than typical pay up front marketing approaches such as Direct Mail and Pay Per Click campaigns. The reason for this is because of We Give Restaurants Cash Customer Funded Marketing Model in where we collect 100% of our revenue from the top tier demographic of diners versus having to charge and take high commissions from restaurants. The second huge reason for the lowest redemption cost in America (note – this does not even factor in the Monthly Cash Commissions you are given) is the fact the giveaway is only 1 item in 5 making a redemption cost of only 9% to 15% depending on how well your staff does with upselling drinks, additional appetizers and desserts.

WILL MY MONTHLY BOGOMAZING CASH COMMISSIONS MORE THEN COVER MY BOGOMAZING REDEMPTION FOOD COST?

Absolutely and then some. Just 100 BOGomazing Referrals covers 8 redemptions per day. At 500 BOGomazing Referrals, it covers over 41 redemptions per day. The best problem you could have is having too many redemptions per day beyond what the BOGomazing Monthly Cash Commission amount is paying you which means you are turning a LOT of tables and making record profits.

DO I HAVE TO GET BOGOMAZING REFERRALS TO BE A BOGOMAZING RESTAURANT SPONSOR?

You are NOT required to sign up a single BOGomazing Referral to be a BOGomazing Restaurant Sponsor. Obviously you will not receive any Monthly Cash Commissions which is the biggest reason most all restaurants become a sponsor as they know the BOGomazing Monthly Cash Commissions can increase bottom line profit by 150% to 250% for most restaurants.

HOW WILL I KNOW WHAT BOGOMAZING REFERRALS COME FROM WHAT STAFF MEMBERS?

All BOGomazing Referrals track back to an individual staff member and is tracked in your FREE BOGomazing Transaction Tracking Software. Setting up staff is easy and is initially done by We Give Restaurants Cash and BOGomazing.

IF A BOGOMAZING MEMBER SIGNS UP AT MY RESTAURANT BUT NEVER EATS AT MY RESTAURANT DO I STILL EARN MONTHLY COMMISSIONS?

Absolutely – imagine NETTING \$15 Per Month of Bottom-Line Profit on many BOGomazing Members who never eat at your restaurant or rarely do so. Just 100 BOGomazing Referrals pays you \$1,500 per month which is worth \$30,000 (5% profit margin) in Sales Per month from customers not actually dining in your restaurant.

DOES BOGOMAZING TAKE THE ACTUAL ORDER OR NEED TO INTERFACE WITH MY POS SYSTEM?

NO, BOGomazing is like a virtual coupon in where all the app does is generate a unique transaction number for your restaurant to include the date, time, server name and number in the party. This transaction number is then just shown to your staff for them to write down and then the ordering process proceeds as it would with any other order. All transaction numbers are tracked in your FREE BTTS (BOGomazing Transaction Tracking Software).

HOW ARE ALL MY TRANSACTIONS & BOGOMAZING REFERRALS TRACKED?

Your restaurant is provided FREE of Charge with what is called BOGomazing Transaction Tracking Software (BTTS) that will log 100% of transactions #'s and BOGomazing referrals down to the single employee. Our software also allows you to enter in additional information regarding each transaction if you are a total Type A personality. Also all details of what appears on the BOGomazing App appears in the BTTS as well.

CAN I HONOR BOGOMAZING FOR TAKE OUT ORDERS OR DELIVERY?

Your restaurant can do anything regarding how you use BOGomazing within your restaurant as really the only goal of BOGomazing is to get diners into your restaurant. Once the member is in contact with your restaurant there is zero responsibility left in what you do with BOGomazing and how generous you are with how you allow a member to use BOGomazing is 100% up to you.

EVEN THOUGH BOGOMAZING IS A IN-HOUSE DINING APP, CAN IT WORK FOR TOGO ORDERS?

Yes, BOGomazing can actually really increase net profits substantially on Take Out Orders as the redemption cost will remain at the same as in house orders keeping redemption cost 9% to 15% compared to 30% commissions being taken by the delivery app plus another hefty fee from the customer. It is suggested to have the customer order 2 appetizers (versus 2 drinks and appetizer) and a entrée to then get the free selection. It is 100% up to you if and how you allow BOGomazing to be used for any type of order with your restaurant.

DOES BOGOMAZING GET INVOLVED IN THE ORDERING PROCESS AT ALL?

NO, BOGomazing does not get involved in the order process at all and once a BOGomazing member walks in your restaurant it is 100% up to you what you do in regards to the taking the customers order. What is recommended a restaurant does is just ask the table if they are a BOGomazing Member and if they are, just request a transaction number which will show the a unique number, the name of the member, date and time of the transaction, number in the party, server name and email address of the member. You do NOT even have to record transaction numbers if you choose not to. BOGomazing created a fraud proof system with very robust tracking but it is up to you how robust you want to be in implementing the entire BOGomazing System.

CAN MY RESTAURANT QUIT THE BOGOMAZING PLATFORM AT ANY TIME FOR ANY REASON?

Yes, your restaurant can exit the We Give Restaurants Cash Restaurant Dining Platform if you are tired of our monthly commission checks messing up your accounting or tax shelter situation. But seriously...you can exit with only a 24 hour notice.

IS BOGOMAZING FRAUD PROOF?

Yes, there is no way for fraud between the customer and staff since all transactions create a unique trackable transaction number that also includes the servers name and number in the party along with the time of the transaction in which the BOGomazing Member will show your staff to validate the transaction within your restaurant.
