Grow Restaurant Profits Comprehensive Marketing Platform Sponsorship Benefit Details

[PLEASE CLICK HERE TO CONFIRM YOUR GRP RESTAURANT SPONSORSHIP](#)

- BOGomazing Restaurant Sponsorship Exclusivity:** Your restaurant is part of a select group of restaurants in your market that is kept to approximately 10%-15% of the total sit-down restaurant count for your market. You will enjoy a HUGE COMPETITIVE ADVANTAGE no other marketing option offers to the restaurant industry.
- GRP BOGomazing Monthly Revenue Sharing Commissions:** For every ACTIVE BOGomazing Member who signs up using your unique BOGomazing Restaurant Sponsorship Code, you will receive \$15.00 per month in commission with NO CAP on how much monthly commissions you can earn. For a BOGomazing Member to be considered active, their account must have been active for 31days (i.e. get 100 BOGomazing Referrals on January 1st, you would start being paid commissions on those members on March 1st until the member cancelled). Your restaurant will need to submit a IRS form 1099 to GRP to receive Monthly Commission payments.
- BOGomazing Member Order Requirement:** A BOGomazing Member and guest (Party of 2) must purchase 2 Drinks (regular or alcoholic), 1 Select Appetizer (your more expensive selections), 1 Select Entree (your more expensive selections) to then qualify for a menu item of equal or lesser value. Your FREE Menu Selection list will exclude all drinks, appetizers and desserts but would typically include the rest of your menu. BOGomazing works with a party of 2, 4 or 6 making the purchase requirement double or triple from a party of 2. You are in 100% control of all BOGomazing Menus that appear on the app.
- BOGomazing Redemption Requirements Are Up To You:** Point 3 above is what BOGomazing Members are told they have to do but what you decide to let them do is 100% up to you. In the end, BOGomazing is about bringing customers into your restaurant. What you serve them and how you decide to allow any redemption 100% is in your control.
- BOGomazing Member Ordering Procedure:** BOGomazing does NOT take orders or get involved in any way with your current sit-down order taking process or POS system. A BOGomazing Member will just choose your restaurant from the restaurant list on the BOGomazing App and then select a server and the number in their party from 2 drop down lists and then the member simply clicks on Request Transaction Number (this eliminates the opportunity for fraud by your staff). This unique number will be shown to the server and/or bartender and that is as far as BOGomazing gets involved with your order taking process. Your server or bartender will take the order as normal and then do the appropriate adjustment to the check per your procedures for presenting a guest check with a discount.
- BOGomazing Member Order Tracking:** You are provided with BOGomazing Transaction Tracking Software (BTTS) which records all BOGomazing Transactions tracking back to a single server (if all servers are entered into the BTTS which is your option) that also includes the BOGomazing Members name, date and time of the transaction. The BTTS allows you to enter in the rest of the BOGomazing guest ticket data and automatically figures the redemption cost and other metrics for a single and/or multiple BOGomazing transactions.
- BOGomazing Transaction Tracking Software (BTTS):** BTTS is provided for FREE and not only tracks all BOGomazing transactions and BOGomazing Membership Referrals down to a single employee, BTTS also has 100% of your restaurant and menu information featured on BOGomazing presented to the BOGomazing members. It is the responsibility of the restaurant to keep all restaurant data and menus accurate. Restaurants do not have to enter in any staff information if they do not desire to track transactions and referrals down to a specific employee. GRP will do 100% of your initial set up in BOGomazing and can make further changes if contacted through the BTTS contact us link.
- BOGomazing Restaurant Sponsorship Integrity Pledge:** As a GRP BOGomazing Restaurant Exclusive Sponsor you pledge to give the same level of high-quality service you give to all of your customers and honor 100% of what is outlined and featured on the BOGomazing App you have set up for your restaurant. As mentioned prior with BTTS, you are able to update menus at any time and are expected to do so to assure your restaurant information is accurately displayed to all BOGomazing Members. Your restaurant can be removed from GRP and BOGomazing if multiple complaints are received from BOGomazing Members regarding inaccurate menus, the quality of your service and/or lack of integrity in fulfilling what is outlined for your restaurant in the BOGomazing App. Your restaurant will receive two written notices with the ability to cure any issue before being removed from being a GRP BOGomazing Restaurant Sponsor and terminating your relationship with GRP and all GRP and BOGomazing benefits.
- Payments Doctors Credit Card Rescue:** have Once GRP starts paying you \$2,500 per month in GRP Monthly BOGomazing Restaurant Commissions, you will have to change your Merchant Processing to Payments Doctors if they are able to show you a savings over what you are currently paying for Merchant Processing.
- Exit GRP & BOGomazing At Any Time:** If you are ever unsatisfied with any part of your GRP BOGomazing Restaurant Sponsorship, you can terminate your relationship with GRP and BOGomazing by requesting a cancellation agreement through your BTTS. Cancellation takes 2 to 4 business days.
